### Administrative Rule Update

Rules proposed by the Economic Development Authority in regards to the Apprenticeship Training Program have been adopted and will become effective on February 25, 2015. The **Apprenticeship Training Program** was established in 2014 through [House File 2460](#) to provide up to \$3 million in training grants for apprenticeship training programs. The rules for implementation of the program were adopted by the Economic Development Authority Board on December 19, 2014. Prior to being adopted, comments were received. The comments were generally supportive and most questions concerned the formula for distribution of the funding. The rules can be found [here](#).

Amendments to Chapter 31, **Economic Development Region Initiatives** were [adopted as an emergency rule](#). These changes are minor and are adopted to address comments made by the Administrative Rules Committee during its review of [ARC 1626C](#), a more substantial amendment to Chapter 31. The changes under ARC 1626C amended the “definition of an economic development region to allow more flexibility in assembling a region; make changes to the application process; eliminate references to the repealed Grow Iowa Values Fund; and replace references to the Department with references to the Authority.” Both sets of amendments are intended to implement sections of the Iowa Code as amended by [Senate File 2359](#), among the 2014 Iowa Acts.

### Special Election Update
